

Music City is calling you, **Convince Your Boss** so you can grab your boots

HERE ARE THE REASONS WHY SUMMIT NASHVILLE IS A CAN'T MISS FOR YOU & YOUR COMPANY.

HINT: SHARE THESE WITH YOUR BOSS!

Summit is the leading live conference featuring user-produced education on how to maximize the performance of Microsoft Dynamics® GP.

"Summit delivers huge training value compared to equivalent classroom training."

- Lou, System Administrator

The Top Five Reasons to Attend

1. Customized Content for Your Business Needs

You have questions. We bring the right people together to discuss them. Summit provides concentrated learning for Microsoft Dynamics® GP users with sessions focused on individual roles and industry best practices, giving you a tailored learning experience that best suits your individual needs.

"I walked away from my first Summit experience with more excitement, passion, drive and enthusiasm about the role I play in my company than ever before."

- Sean, IT Manager

2. Best Practices From Peers

Only at Summit does everyone speak your language and want to talk, grow, share, and build Dynamics knowledge together.

3. Immediate Solutions For Dynamics GP

Learn best practices and real world scenarios from subject matter experts and Microsoft MVPs. Utilize a network of professionals throughout the Dynamics GP User Group (GPUG®) who can help you discover the best way to maximize the capabilities of Dynamics GP.

"Summit training is 3 ½ days of learning and networking! The total cost of the trip equals 9 hours of billable time. Awesome bargain!"

- Joni, IT Manager

4. Valuable Networking With Fellow Users

Authentic opportunities abound for meeting Dynamics peers, creating lasting connections with people who will help you find answers to your burning questions at Summit and at home.

5. The Go-To Conference For The Greatest ROI

There is no question Summit provides the greatest ROI to your employees and your organization. The cost comparison to other high-quality training experiences is unmatched.
